## HUMAN TRAFFICKING PREVENTION EDUCATION

Our mission is to bring prevention education to youth and families to stop human trafficking before it starts.

[setmefreeproject.net](http://setmefreeproject.net)

## About Us!

The Set Me Free Project™ is on a mission to stop human trafficking through prevention education. Our innovative and age-appropriate READY To Stand Curriculum™ educates students, families, and communities to identify situations that put them at risk and what they can do to ensure their safety. Furthermore, our curriculum aims to empower individuals to recognize every human being's intrinsic value, which is the foundation of our counter-trafficking movement.

We believe our READY To Stand Curriculum™ has a place in every school and organization because prevention education not only benefits our community, but can have an enduring impact on the world.

The Set Me Free Project's™ READY To Stand Curriculum™ was written on the foundation of telling our youth YOU HAVE VALUE because this is what they need to know.

## READY To Stand Curriculum™!

The foundation of The Set Me Free Project™ stands on the belief that every person can stand against human trafficking. Our READY To Stand Curriculum™ uses research-based methods to engage participants in meaningful and fun activities designed to inform and empower.

The Set Me Free Project™ strongly encourages training facilitators that are enthusiastic and fun! The topics we cover can be intense, so it is essential to engage students in a way that minimizes stress levels. Students will make strong connections and increase their critical thinking skills.

Each presentation includes varying age-appropriate topics and content, but all have discussions on trust, connecting, consent, grooming, safety plans, and advocating for each other.
